It is now necessary to call for abstracts due to the topics from those wishing to present a paper or a poster at the symposium. Following past practice, we ask that the final decision regarding method of presentation be left to the organising group, in order to compete a coherent and interesting program. We regard both forms of presentation to be of equal standing.

We are enclosing:

1. A proforma, asking for details of the proposed presentation, and including an opportunity to express a **preference** for verbal ( 50 minutes for keynote and 10 minutes for scientific paper) presentation, or poster.
2. Guidelines for abstract preparation.
3. An abstract form. Please note that abstracts will be computerised for printing the conference book, and must follow the standard size and format.

The organising committee will meet very early in March , 2012, so that we must receive abstracts by February 20, 2012 (to submit abstracts, please use e-mail). We will notify you of the outcome (format of presentation ) as soon as possible.

We look forward to welcoming you in Antalya.

Yours sincerely,

Dr. Nejat Arpak (Chairman of APOI)

## **4th International Symposium on Advanced Protocols in Oral Implantology**

### **Introductions to Contributions (Oral Presentation and Posters)**

Every presenter may submit only **one** abstract and present only **one** paper at the symposium, but can appear as a co-author on **two further** abstracts.

The summaries of oral presentations and posters accepted for the forthcoming Symposium on Advanced Protocols in Oral Implantology will be published in the congress book. Colleagues submitting a contribution for consideration by the Scientific Committee must prepare their summary in the standard format detailed below.

Submission of the summary will be taken to imply that it is original and unpublished.

The manuscript must be in English, typewritten on one side of the blank Abstract Paper enclosed, be spaced as shown at the left column of the Abstract form, and bear the title of the paper, and the name of each author, together with the name of the institution to which they are attached. The presenter name should be marked by an asterix. The summary must be written using the given characters as well as the degree and size of types (Arial 11).

The text should consist of an informative summary (maximum 250 words) **without** the use of illustrations or tables. The abstract should include sections covering *the aims of the investigation, the methods employed and the results and conclusions* (conclusions underlined).

References listed must be only those regarded as essential to the abstract and must be given in full, in the style of the *Index Medicus*.(for poster presenters)
